Heavy weapons observed with the convoy included eight 76-mm AT guns, eleven 80 or 120-mm mortars and eleven 20-mm AA guns. The same troops were observed at the Nuthe River, near the point where the road to Werder branches off from Luckenwalder Chaussee, on 5 February. Foot bridges were constructed across the Nuthe River, while infantry troops with machine guns had taken up positions in the vicinity. Thirty-five trucks, including trucks, were parked in a patch of woods.

3. [redacted] a unit from Jueterbog had moved into earth shelters along the edge of the Jorder firing range. [redacted] troops wearing red-bordered black epaulets with tank insignia, who were accommodated in four new earth shelters on the edge of the troop camp. The earth shelters were pits lined with lumber and covered with sod. Each shelter was capable of quartering 20 men. Two officers and 40 EM were seen undergoing theoretical instruction at these shelters. Two trucks with numbers of the [redacted] stood nearby. Vehicles seen in this area included three T-34 tanks, three unnumbered armored reconnaissance cars, six trucks, and three jeeps. Five of the trucks and two of the jeeps had numbers of the [redacted] while one truck and one jeep had numbers of the [redacted]. The commanding officer of the troops, a lieutenant colonel, was living in a van-like truck provided with a wooden board bed and a stove.
